Autoneum Germany subject to investigations by the German Federal Cartel Office

Along with other automobile suppliers, Autoneum Germany GmbH, a subsidiary of Autoneum Holding AG, is subject to investigations by the German Federal Cartel Office. The investigations affect, among others, the market for floor systems and trunk trim and have been initiated on suspicions that automobile suppliers may have engaged in anticompetitive behavior.

At this stage of the pending investigation, Autoneum is neither able to disclose any further information thereon nor to assess the implications which may derive therefrom.

Part of Autoneum's Code of Conduct (<http://www.autoneum.com/about-autoneum/code-of-conduct/>) is to comply with all applicable laws, including antitrust and competition regulations, and Autoneum intends to work together with the German Federal Cartel Office.

About Autoneum

Autoneum, with headquarters in Winterthur, Switzerland, is the globally leading producer of vehicle acoustics and thermal management systems. The company develops and manufactures components, modules and complete systems for interior and engine bay as well as heatshields and underbody shields. Customers include leading automobile producers in the key markets of Europe, North America, South America and Asia. Autoneum is represented at about 45 locations in over 20 countries and employs over 9'500 people worldwide, of whom about 5% are in Switzerland. The company is listed since 2011 on the SIX Swiss Exchange (ticker symbol AUTN).
