Only those persons listed in the share register will be recognized as company shareholders or usufructuaries. Any changes of name or address must be communicated to the Company. Those who acquire registered shares must make written application for entry in the share register. The Company can refuse such entry to parties who do not expressly declare that they have acquired and will hold these registered shares in their own names and for their own account. If persons fail to expressly declare in their registration applications that they hold the shares for their own account ("nominees"), the Board of Directors shall enter such persons in the share register with the right to vote, provided that the nominee has entered into an agreement with the Company concerning his or her status, and further provided that the nominee is subject to a recognized bank or financial market supervision. After hearing the registered shareholder or nominee, the Board of Directors may cancel any registration in the share register made based on incorrect information with retroactive effect as of the date of registration. The Company only recognizes one proxy per share. Voting rights and associated rights may only be exercised in relation to the Company by a shareholder, usufructuary or nominee entered in the share register as having the right to vote.

The registered shares of Autoneum Holding Ltd are issued in the form of securities and registered as book-entry securities (in the sense of the Book-Entry Securities Act) at SIX SIS Ltd.

The Company is entitled to convert at any time and without the approval of shareholders shares issued in the form of uncertificated securities into individual share certificates or global share certificates. Shareholders are not entitled to have shares issued in one particular form transformed into another form. Any shareholder is, however, entitled to request at any time that the Company issues a certificate stating the number of shares registered in his or her name.

Restrictions on share transfers and nominee registrations

Those persons entered in the shareholders' register are recognized as voting shareholders. Autoneum shares can be bought and sold without any restrictions. In accordance with §4 of the Articles of Association⁵, entry in the register of shareholders can be denied in the absence of an explicit declaration that the shares are held in the applicant's own name and for the applicant's own account. There are no other registration restrictions.

Shares held in a fiduciary capacity are not principally entered in the shareholders' register. However, as an exception to this rule, a nominee is entered in the register if the nominee in question has concluded a nominee agreement

with Autoneum and is subject to a recognized bank or financial supervisory authority. The nominee exercises voting rights at the Annual General Meeting of shareholders. At the request of Autoneum Holding Ltd, the nominee is obliged to disclose the name of the person on whose behalf it holds shares.

A resolution of the General Meeting approved by the absolute majority of the voting shares represented is required in order to cancel the restrictions on share transfers.

Convertible bonds and options

Autoneum Holding Ltd has no convertible bonds or options outstanding.

Mandates held with various legal entities that are under joint control or controlled by the same beneficial owner count as one mandate. Mandates held with the supreme management or administrative body of a legal entity that is required to be registered in the commercial register or an equivalent register abroad count as mandates.

Election and term of office, principles of the election procedure

The Chairman and the other members of the Board are elected individually by the General Meeting and for a one-year term of office, running from one Annual General Meeting to the next.

Board members can be reelected. They retire at the Annual General Meeting following their 70th birthday, unless the Board of Directors has lifted the age limit in individual cases. For Michael Pieper, the Board of Directors has made this limit void and proposed him to the share-

holders for reelection in view of his outstanding personal commitment and significant shareholding in the Company, which is obviously supporting the further development of Autoneum.

Nominations for election to the Board of Directors are made with due regard for the balanced composition of this body, taking industrial and international management experience and specialist knowledge into account.

The Board of Directors comprises the Chairman, the Vice Chairman and the other members. The Chairman of the Board of Directors and the members of the Compensation Committee are elected for a one-year term of office by the Annual General Meeting. Apart from this, the Board of Directors is self-constituting. The Board of Directors appoints a secretary who need not to be a member of the Board of Directors. The Vice Chairman deputizes for the Chairman in his absence. The Board of Directors has a quorum if the majority of members are present or if the Board members are able to communicate with each other by telephone, video conference, Internet or other electronic means. Motions of the Board of Directors are approved by a simple majority of the votes of the members present. In the case of a tie, the Chairman has the casting vote.

Once a year the Board of Directors carries out a self-assessment.

In 2016, the members of the Board of Directors met for five regular meetings, each of which lasted around half a day. One visit was held abroad and was followed by a visit to a production plant. The attendance rate was 97%. In

addition, four telephone conferences were held. The agendas for the Board meetings are drawn up by the Chairman. Any member of the Board can also propose items for inclusion on the agenda. Board meetings are generally also attended by the CEO and the CFO, while the other members of the Group Executive Board attend as necessary regarding business matters concerning them. They give an overview of the results, outlook and budget of their operating units, and present those projects requiring the approval of the Board of Directors.

Once a year the Board of Directors reviews its performance, internal working methods and cooperation with the Group Executive Board. This takes the form of a self-assessment and includes an assessment of the state of information of Board members with regard to the Group and its business development.

Should there be a conflict of interest in the course of making decisions on business matters and items on the agenda, the respective Board member must stand aside prior to discussion of the matter in question and abstain from voting when passing a resolution.

Committees

Besides the Compensation Committee, the Board of Directors appoints an Audit, a Nomination and a Strategy Committee from among its members in order to assist it in its duties. The committees are fundamentally advisory and preparatory bodies and have no decision-making powers; resolutions are passed by the Board as a whole. Each committee has written terms of reference specifying its tasks and responsibilities. The members of the Compensation Committee are elected by the Annual General Meeting. The Chairman and further members of the other committees are elected by the Board of Directors. The committees meet regularly and are required to develop recommendations for the Board of Directors and to prepare minutes of their meetings.

The **Audit Committee** currently consists of three members of the Board. Its Chairman is Rainer Schmückle; the other members are Hans-Peter Schwald and Ferdinand Stutz. In the 2016 financial year none of the members of the Audit Committee performed executive duties. The Chairman is elected for one year. The Audit Committee meets at least twice each financial year. The meetings are also attended by the Head of Internal Audit, representatives of the statutory and Group auditors, the CEO and the CFO, and other members of the Group Executive Board and management as appropriate. The main duties of the Audit Committee are:

- elaborating principles for external and internal audits for submission to the Board of Directors, and providing information on their implementation;
- assessing the work of the external and internal auditors as well as their mutual cooperation and reporting to the Board of Directors;
- assessing the reports submitted by the statutory auditors as well as the invoiced costs;
- overall supervision of risk management and acceptance of the Group Executive Board's risk report addressed to the Board of Directors;
- assisting the Board of Directors in nominating the statutory auditors and the Group auditors for submission to the Annual General Meeting;
- scrutinizing the results of internal audits, approving the audit schedule for the following year and nominating the Head of Internal Audit.

The Audit Committee met for two regular meetings in 2016. The meetings lasted three to four-and-a-half hours. All committee members attended these meetings and received regular written reports from the internal auditors. In addition, the Audit Committee held a meeting of one hour together with the Compensation Committee with participation of all Committee members.

The **Compensation Committee** consists of three members. The Chairman of this committee is This E. Schneider. The other members are Hans-Peter Schwald and Ferdinand Stutz. The committee meets whenever the need arises, but at least twice a year. It draws up the principles for the remuneration of members of the Board of Directors, the Group Executive Board and senior management within the Autoneum Group, in particular bonus programs and share allocation plans (LTI), as well as the Remuneration Report and the proposals concerning the total maximum remuneration amount for the Board of Directors and Group Executive Board to be submitted annually by the Board of Directors for approval by the shareholders at the Annual General Meeting.

The **Nomination Committee** consists of three members. The Chairman is This E. Schneider, the other members are Hans-Peter Schwald and Ferdinand Stutz. The committee meets whenever necessary, but at least twice a year. This committee stipulates the profile of requirements and the principles for selecting members of the Board of Directors and prepares the election of new members of the Group Executive Board and their terms of employment. It is also briefed on succession plans for the Board of Directors, Group Executive Board and senior management and the relevant development plans.

The members of the Compensation and the Nomination Committee held three regular meetings in 2016. Each meeting lasted three to four-and-a-half hours. All committee members attended all meetings. In addition, the Compensation Committee held a meeting of one hour together with the Audit Committee with participation of all Committee members.

The **Strategy Committee** consists of three members: Hans-Peter Schwald is Chairman; Rainer Schmückle and Ferdinand Stutz are the other members. The Strategy Committee meets

at least twice a year. The meetings are also attended by the CEO and the CFO, and other members of the Group Executive Board and management as appropriate. The main duties of the strategy committee are:

- supporting and assisting the Board of Directors in strategic planning, especially in assessing market changes and developments affecting the Group;
- assessing Autoneum's short- and long-term strategic orientation, in particular with regard to markets, customers, competitors, products and technologies;
- support of strategically important projects.

The Strategy Committee met in 2016 for one regular meeting and a two-day strategy workshop with the entire Group Executive Board. The regular meeting lasted half a day. All committee members attended the meeting and the strategy workshop.
