## Change to the Group Executive Board

---

**The Board of Directors of Autoneum Holding Ltd appoints Bernhard Wiehl, the long-standing Head of Finance & Controlling of Business Group Europe, as Chief Financial Officer (CFO) and member of the Group Executive Board with immediate effect. The previous CFO Dr Martin Zwysig has decided to leave Autoneum.**

Bernhard Wiehl has been responsible for Finance & Controlling at Business Group Europe since 2013. Also thanks to his financial leadership, this Business Group with its numerous legal units has become highly profitable in recent years. Prior to joining Autoneum, he held senior finance and controlling positions with various automotive suppliers and has therefore extensive experience in the financial management of internationally active suppliers. Additionally, he is very familiar with the challenges of the automotive industry in a global environment. From 2007 to 2013, he was Head of Finance & Controlling and member of the Executive Board of the Lighting and Electronics division at the German automotive supplier Hella and from 2004 to 2007, among other things, in charge of controlling of the Europe division of the supplier Hydraulik-Ring. Wiehl started his professional career in 1995 at TRW Automotive in Germany. He studied mechanical and industrial engineering at the Esslingen University of Applied Sciences, Germany, and holds a degree in industrial engineering (FH).

Bernhard Wiehl's predecessor Dr Martin Zwysig decided to leave the Company and to take up a new professional challenge. The Board of Directors and CEO Matthias Holzammer thank him for the commitment to the Company and wish him all the best for his professional and private future.

The CV and a photo of Bernhard Wiehl are available at [www.autoneum.com/2019/10/28/change-to-the-group-executive-board-2](http://www.autoneum.com/2019/10/28/change-to-the-group-executive-board-2).
