## **Autoneum certified Top Employer Switzerland 2026 — for the third consecutive year**

Significant score improvement places the automotive supplier in the top quantile among certified companies

---

**Autoneum, global technology leader in acoustic and thermal management for vehicles, has once again been recognized as a Top Employer Switzerland 2026, marking its third consecutive certification following 2024 and 2025. This achievement underscores the Group's commitment to a people-centric company culture and continuous improvement in employee experience.**

In its 2026 certification, Autoneum achieved a significant improvement in its overall score compared to last year and advanced into the top quantile among all certified Top Employers. This milestone reflects the company's strong performance in key HR domains and its ambition to set benchmarks in people practices.

Autoneum's Level Up strategy places employees at the center of the company's success, with global guidelines and initiatives designed to foster a high-quality working and development environment. "Being named a Top Employer for the third year in a row is an important milestone for Autoneum," highlights Yunjie Qu, Autoneum's Head Group HR. "Guided by our strategy of fostering a people-centric culture, we continue to create an engaging workplace that delivers an outstanding employee experience and drives high performance."

The Top Employers certification assesses excellence in HR Best Practices across six domains and 20 topics, including People Strategy, Work Environment, Talent Acquisition, Learning, Diversity & Inclusion, and Wellbeing.
